Laura & Toni-

We're still new at this . . . do you see anything that we missed?

Also any reason we don't use address blocks?

Andrea & Reid-

This looks good to me, though I do not have extensive at this either. I note that the examples don't use the "address block" for the recipient . . . I don't know why.

I'll send a copy to Laura and Toni and see if they have any suggestions.

Jed,

The Subpart W proposal has been signed and will be published in the Federal Register any day now. Reid Rosnick has prepared a tribal consultation letter that closely follows the examples provided in the Tribal Consultation Handbook. Jon Edwards has asked that we run the letter by you before it gets sent out.

Can you please review the attached letter and provide any comments to both Reid and me (I'll be out of the office on Thurs. and Fri.)?

Thank you,
Andrea
